#### OUR PROMISE

In 2018, we set out three key principles to ensure we'd deliver for our community, sponsors and supporters.

Since then, we've been focused on keeping our promise and building on our ambitions through our in-person events, online content, training programme and much more.

**PROTECT** LGBTQIA+ rights already won and champion these whilst supporting the fight to end equality indifferences that remain at home and abroad.

**PROMOTE** a healthy body and mind through access to support and education for the community and our straight allies.

**PROVIDE** a series of LGBTQIA+ events including our annual festival to bring communities closer together and celebrate our diversity.

### FRIENDS OF NORTHERN PRIDE

Thank you for picking up a copy of our Supporters Guide for our new and exciting Pride in the City campaign for 2024.

First, I'd like to say a huge thank you to everyone who supported our Pride 23 event last year. Whilst many of us still have some waterlogged wellies, I'd like to acknowledge that despite the weather, we had an amazing turn out, with over 20,000 people joining us on the Saturday

I'd like to personally thank the Northern Pride team, Sophie, Lynne, Jane, Richard, Lynn, Frances, Nimerta, Mickey, Rachel, Phil, and Cat for their hard work across the weekend, who along with all our volunteers and contractors we were able to safely close the site on Sunday.

**STE DUNN** (he/him)
Director of Northern Pride

Braving the weather to attend a pride event is a clear indicator of how important these events are. Whether it's festivals, community gatherings, or even those that provide safe spaces all year round. The LGBTQIA+ community need each other more than ever before.

We're seeing LGBTQIA+phobic <u>hate crimes increase</u>, online and in person. Physical attacks are becoming headline news and in 2023 we saw a <u>young trans girl lose her life</u> at the hands of those who feel their actions are validated through access to this rhetoric.

Trans people are seeing their <u>wait list increase for gender clinics</u>, many of which look to go private costing ten's of thousands of pounds. All while their access to competitive sport is being blocked.

Our community are seeing their rights challenged or removed, here in the UK and abroad, with some countries <u>rolling back laws</u> to include imprisonment, or the death penalty. The LGBTQIA+ movement has also been referred to as an <u>extremist organisation</u>.

The impact this has on our community can feel like we're heading backwards and not forwards as we see the UK fall further to 17th on the ILGA Rainbow Map, when back in 2015 we topped the list.

This is why in 2023 we launched our Proud Allies Training in partnership with Curious Arts. Last year our partnership saw 59 training courses complete with over 940 people attending. We know the importance that allies have in fostering safe environments for our communities to thrive not just survive.

#### This is why in 2024, we're doing things differently.

Pride in the City will provide us the opportunity to bring our festival favourites into the city centre, creating a metropolitan pride with ambitious plans to double our attendance and increasing queer visibility with over 80,000 people visiting the city over the Pride weekend.

Our mission is clear. We're using our festival to highlight the vibrant and beautiful queer community, the valuable impact they have to society and the richness of their talents, from makers and creators, to performers and activists.

Queer people have been around hundreds and thousands of years positively contributing to world we live in, and in 2024, across the weekend of July 19<sup>th</sup> to 21<sup>st</sup>, we're taking over the city, to be...

#### **Unapologetically Visible**

### WHAT'S WHERE?

Central Park, Times Square

We're incredibly excited to be back at Central Park we were here last in 2021 where we deliver our Covid Safe event, broadcasting our Digital Pride content in 2021. This time, the Northern Pride Arena takes shape with an impressive stage for live performances from big names and local stars.

# CURIOUS ARTS STAGE

Northern Stage, Barras Bridge

Our good friends at Curious Arts will be taking over Northern Stage with their unmatched ability of programming queer art and culture that celebrates and informs it's audiences who leave wanting more!

# FAMILY & YOUTH ZONE

Assembly Rooms, Westgate Road

Reopening this Spring after substantial investment, one of Newcastle's oldest and grandest Georgian buildings, dating back to 1776, will open its doors for one

of our most popular Zones which caters for LGBTQIA+ families and queer young people, with hands on activities, arts and crafts, and live performances.

# HEALTH & WELLBEING ZONE

Newcastle Civic Centre, Barras Bridge

The iconic building has been the starting point of the Northern Pride March since it began, and this year it'll will be home to our ground-breaking Health & Wellbeing Zone.

Available for advice and support, signposting of organisations and groups to help body and mind, along with our mobile sexual health clinic with STI testing, HIV screening and event-based PrFP.

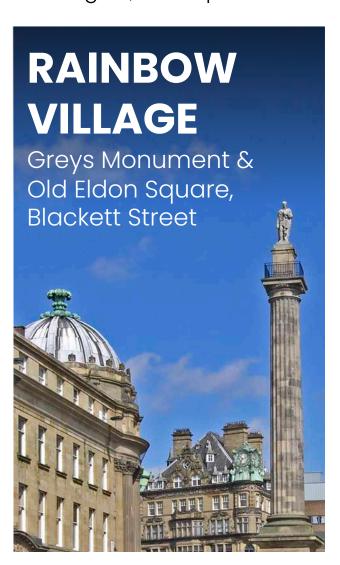

# SPORT & ACTIVE LIFE ZONE

Northumbria University, Sport Central, Northumberland Rd

Access to sport can be a challenge for the LGBTQIA+ community which is why this zone was launched in 2022. Working with Northumbria

University we'll be able to provide access to taster sessions, hands on experiences, and raise awareness of the amazing safe and accessible sports and active life clubs from across the region, all in Sports Central's state-of-art facility.

Greys Monument has become a place for modern protests and activism. It is a symbol to the people of our region that change can be made even when it seems impossible to do so. This fight and determination was key in Grey's introduction of The Great Reform Act 1832.

It makes perfect sense to bring our Rainbow Village to this area. Our stalls are filled with community groups, charities, and our amazing makers and creators, many of which use their work and their art to improve the lives of our community.

### NORTHERN PRIDE IN NUMBERS

Who doesn't love a statistic or two? Whilst it can show the magnitude of our reach and our community, it can also show us a way forward and how to improve, or how to use these insights to motivate us to be louder as we continue to elevate the North Easts LGBTQIA+ community.

Some of the numbers shared are from our 2022 campaign as we naturally saw a drop in 2023 due to the cancelation of Sunday's event.
